

**Table 34**

**Projected Impact of CIP on Typical Residential Utility Bill - Affordability**

*Village of Union Grove, WI*

**Notes:**

- 1) Utility Cost taken as a 5-year average of water, wastewater, and stormwater bills for an average (5/8"; 3,250 gal./mo.) Residential User.
- 2) City Income Level from U.S. Census Bureau's American Community Survey
- 3) 6.7% of residential customers are estimated to have less than \$25,000 of income. These households will have spent more than 8.5% of their income under the 4-year average for this plan.
